## CIRCULAR ECONOMY COULD BRING 3M MORE JOBS TO EU BY 2030

By Edward Perchard | 9 September 2015 | [Add a Comment](#)

PRINT EMAIL SHARE

Expansion of the circular economy could create 3 million extra jobs and reduce unemployment by 520,000 across EU member states by 2030, according to a study released today (9 September) by the Waste & Resources Action Programme (WRAP).

# SEVEN KEY ELEMENTS OF THE CIRCULAR ECONOMY

**Prioritise**  
regenerative  
resources

**Design**  
for the  
future

**Preserve** and  
extend what's  
already made

**Rethink**  
the business  
model

**Incorporate**  
digital  
technology

**Use**  
waste as  
a resource

**Collaborate**  
to create joint  
value

# EXAMPLES OF CIRCULAR JOBS

**Solar Panel  
Installer**

**Architect**

**Appliance  
Technician**

**Leasing  
Process  
Manager**

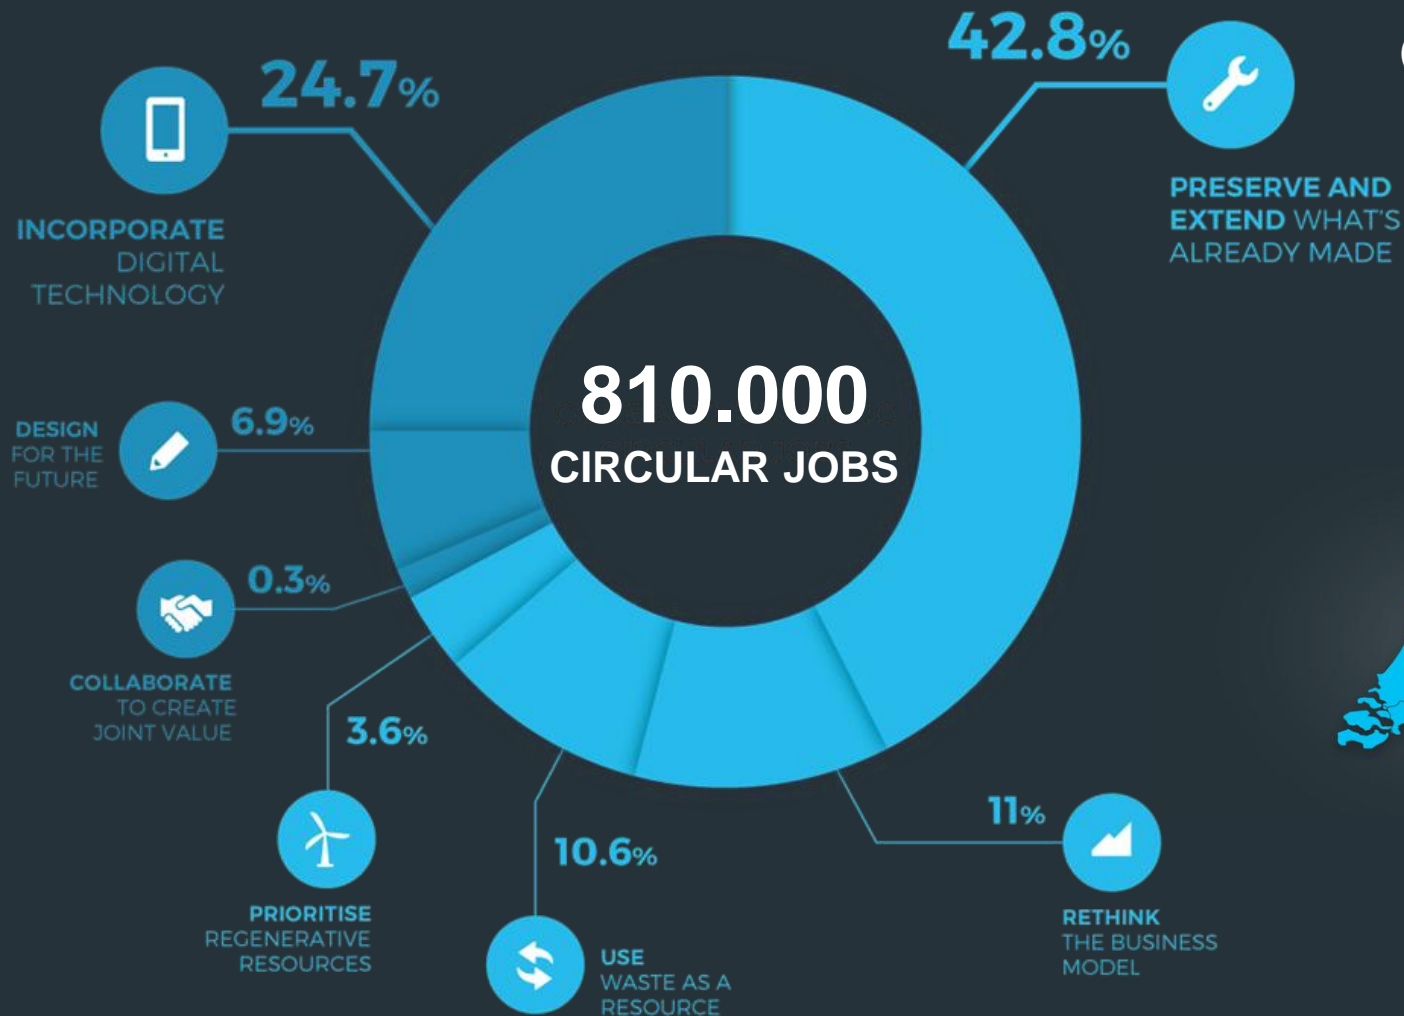

**Data  
Analyst**

**Recycling  
Operative**

**Director of  
a Trade  
Association**
